this book introduces you to the world of conversation hypnosis there is really so much that you need to learn about this very interesting topic and anthony seeks to leave no stone unturned in his explanations that is why he begins with the very basics of explaining what hypnosis is and he even alludes to how he became so enthused about this topic as well anthony then goes on to share how you can learn how to become an expert in the art of conversational hypnosis as well but there is still a lot that you learn but practice is the key to fully developing your skills in any art that is why anthony does not seek to spoon feed you with his book he carefully outlines what you need to do and then describes in detail what you need to practice once you follow his advice and try to emulate his techniques you will be sure to start getting people to do exactly as you please quite soon but with any great power there will be responsibilities that is why anthony also forces his readers to learn to appreciate that there is a moral code to which they need to adhere with this skill as well so please ensure you read his book from beginning to end if you want to get the proper view of hypnosis and benefit yourself and others from using this skill

have you ever wondered what life would look like if you were able to hypnotize someone just by having a normal conversation with them i mean without them even knowing they were hypnotized have a think on this because you may be surprised by what you think up i know i was here s the thing people are always entering different states of mind entering trances we all do i m hypnotized now in fact when we fall into these hypnotic trances we become susceptible to indirect suggestions probably you know what i mean by this but for those who don t let me explain consider a time when you felt a little depressed maybe it was a time where you second guessed yourself doubted yourself you know something like this you might have even wanted to give up on life possibly unfortunately some people do don t be one of them because i m about to teach you something that will astonish you beyond your greatest thinking well when you find yourself in a state like

some type of depression you may have noticed that you either want to be by yourself and not talk to anyone or you find yourself feeling vulnerable wanting to connect with someone else so life doesn't feel so empty and meaningless or lonely trust me we've all been there at one time or another and if you haven't chances are sooner or later you will find yourself in one of these states of mind so when you find yourself in one of these states of mind feeling like you are falling down and you begin talking to someone else and getting their perspective asking for their advice you find that you start to listen to them that is to say maybe not consciously maybe unconsciously anyway it goes in there and eventually you get a certain result because you've listened to that advice this is the power of a conversation this is the heart of conversational hypnosis in action conversational hypnosis by the way is the same thing as indirect hypnosis another name for it is covert hypnosis some hypnotists refer to it as permissive hypnosis it really doesn't matter what you call it it's all the same you see and as you start thinking about the implications of these hypnotic trances that naturally happen you may be even more shocked to learn that they happen more frequently than you may think let me explain further every 90 120 minutes of your wakened day you fall into what scientists have coined an ultradian rhythm these are hypnotic trance patterns you've heard them called by other names namely day dreams blanking out zoning out staring off into space and so forth and now you're getting the idea aren't you that's right you are beginning to process all of this deeper than you consciously even may be realizing now it happens happens all the time and you aren't even aware of it are you it's like you can be aware of everything and yet not aware of anything so buy this book now and find out exactly what these lessons are that will change your life forever you'll be absolutely shell shock astonished by what you'll learn and master that I'm sure your life will be more enriched and your ideal success will be reached this book goes into deep depth about Aristotle's persuasion techniques Socrates question based dialogue approaches to influence and persuasion and also conversational hypnosis and hypnotic language lessons it's all here grab your copy quickly let's start learning shall we

unconscious communication includes the sending and receiving of verbal and non verbal communication as it is perceived by the unconscious mind the unconscious mind is that part of our thinking that we are not aware of at any one moment it's always there and it's always paying attention in fact it's always communicating this book is all about what goes on in the unconscious mind of your counterpart in the persuasion process and how your knowledge can move you towards a win win outcome new and revised this operator's manual has all the keys

you need to succeed as a persuader

the first few chapters of this book will focus on the inner game this is the foundation of effective persuasion and is by far the most important part of this book the inner game is by far the most important part of this book if you ve struggled in the past with hypnosis or persuasion despite having perfect technique you had better believe that it was lack of inner game foundations that made the difference i covert hypnosis made simple is there s a difference between conversational hypnosis and covert hypnosis well yes and no technically conversational hypnosis is any form of hypnotic influence that occurs during a conversation that can be but does not necessarily have to be covert covert hypnosis on the other hand is any influence that occurs without the conscious awareness of the person being influenced that does not necessarily have to occur during a conversation if that doesn t make sense don t worry about it for all intents and practicalities the two are one and the same thing let s put all the superstition and exaggeration out of our minds for the time being and look at hypnosis as any influence that occurs at the subconscious level understand this as any change that occurs at the level of emotions imagination and habits basically any real and powerful change that you create so in this book you re going to learn how to create real powerful changes within ordinary conversations
